AT THE FIGHTING FRONT

It takes muscles of iron and nerves of steel-real men-men with red blood, men with the brawn to do and nerve to buck the line. Men "with a wallop," men with vim, vip, vigor, are those who take "Irontic," a new discovery, composed of iron and herbal extracts, and recently found to be a wonderful tonic for the manufacture of red blood within the body. Doctor Pierce and a dozen physicians at the Surgical Institute in Buffalo, N. Y., have long experimented and have at last found the best blood maker and nerve tonic known today. This they called "Irontic." It's an iron tonic that puts new energy, life, stamina into the blood. "Irontic" is to be procured of almost all druggists, in 60-cent vials. If you want to try it, send 10 cents to Dr. Pierce's Surgical Institute, Buffalo, N. Y., for a trial package. You will find "Iron-tic" tablets equally as good and effective as Doctor Pierce's Pleasant Pellets, which have been known for the past fifty years as a gentle herbal laxative. Folks at home have acquired the healthiest of habits. They become "regular as clock - work", after taking these "Pleasant Pellets." Easy to take.
